

## FERRARI F355 BERLINETTA

The Ferrari F355 is a modern classic, so beautiful, so well-engineered and so well received that it marked the beginning of the end of the old-guard 'Ferraristi' philosophy that the only "real" Ferraris were ones with 12-cylinder engines. Draped in a stunning body designed by Pininfarina, this Ferrari will make sure that every drive is one to remember.

This mid-engined, rear wheel drive, two seat Ferrari is powered by the F129 - V8 engine - 3495 cc - 375 hp with the Bosch Motronic 5.2 ignition-injection system and catalytic converters. Using the 5-valve technology borrowed from the Formula 1 engines. This F355 Berlinetta is fitted with a gated manual gearbox. Which thanks to its rod-driven actuation system offered great feedback and more precise shifts.

The frame is a steel monocoque with tubular steel rear sub-frame with front and rear suspensions using independent, unequal-length wishbones, coil springs over gas-filled telescopic shock absorbers with electronic control servos and anti-roll bars. The car allows selection between two damper settings, "Comfort" and "Sport". This combined with a central V8 and a manual gearbox means that this car offers great driving excitement.

Our F355 is optioned with the special Fiorano Handling pack which offers a wider track, stiffer springs, thicker anti-roll bars, uprated ECU, competition steering rack and larger brakes. The car also comes with a rare factory installed roll bar which is covered in fine Italian leather and carbon fiber door sills.

With its Grigio Titanium paint, this F355 will look stylish in every setting, whether it's the local racetrack or restaurant. You will find fine bordeaux Italian leather covering the interior of this unique

# CAR CAVE

F355. With, in the middle, a gated manual gearbox that clicks with every gear change. Prior to listing a major service was carried out and also the timing belt was changed, meaning this example is ready for many more miles. This Ferrari F355 is ready for you to rev it up to its 8250rpm red line on the best roads. Please contact us for more pictures, videos or a zoom call. Or if you are nearby the east of Belgium, close to the Dutch and German border, please stop by.
