

MERCEDES-BENZ 500 SL

1992 Mercedes-Benz 500 SL powered by the 5.0L V8 engine producing 333 bhp

The Mercedes-Benz R129 SL is the 4th generation of the Mercedes SL Class built from 1988 until 2001. The R129 replaced the R107 in 1989 and was in its turn replaced by the R230 SL-Class in 2002 for the 2003 model year.

This 2 seater features modern technology and performance with the uncompromising Mercedes quality. With spotless and clean dark leather interior and wooden inlay in the central console. The R129 comes standard with both first automatic (electro - hydraulic) convertible top in the industry.

The engine is the 32 valve M119 - 5.0 liter - V8 unit producing 322 bhp and attached to a hydraulic 4 speed automatic gearbox. The 5.0 liter M119 is a complex dual overhead cam V8 with a perfect reputation for durability.

This low km is a well cared for example. A well maintained R129 is one of today's most undervalued cars. And is still one of the most rewarding cars you can buy. A 500 SL gives you power and class from behind the steering wheel.

This early example of the 500SL comes with her almost full original paint. She has spent her life in the dry Italian climate and she shows her quality. Interior as well as exterior.

CAR CAVE

Her hydraulic pistons for the soft top have just been renewed for 3.000€. And she was give a large service for almost 3000€ on top meaning that you can confidently take her on any type of adventure.

This R129 comes with leather upholstery, 10 way power seats with memory, original becker audio, SRS with drivers airbag, automatic pop up roll bar, If you are looking around for a very nice, low mileage, full serviced R129 - 500 SL, this is the one to have!
