

ALFA ROMEO 8C COMPETIZIONE

2008 Black on black Alfa Romeo 8C Competizione – Only 4106 kms, 2 Owners, full original Condition.

Are you ready to own a masterpiece of Italian automotive art? This Alfa Romeo 8C Competizione is not just a car—it's a rare and collectible icon that combines timeless design, breathtaking performance, and exclusivity.

The 8C Competizione was first shown to the public at the Frankfurt Motor Show in 2003. Designed by Wolfgang Egger and Daniele Gaglione at Centro Stile Alfa Romeo, the lines of the twin seater are meant to echo the styling of Alfa Romeo automobiles of the 1950s and 1960s, and the "Competizione" name is a reference to the 1948 6C 2500 Competizione, which competed in the 1949 and 1950 Mille Miglia race and secured third position both times.

Key Features and Highlights

Ultra-Low Mileage: Our example has been driven sparingly, with only 4106 km on the odometer. This minimal usage ensures its condition is as close to new as you'll find.

Two Meticulous Owners: This vehicle has been lovingly cared for by just two owners, both of whom maintained it with the utmost attention to detail. The first being a German collector from Neu-Isenburg and the second and current owner, a Belgian collector with an amazing collection.

Factory Original Paint: The stunning original Nero Competizione finish remains untouched, presenting in immaculate condition. It has never undergone repainting or repair, ensuring its originality and collector-grade authenticity.

Optional Rims and Bespoke Styling: Fitted with the optional alloy wheels, this 8C enhances its
