

MERCEDES 190E 2.3 - 16V

Amazing smoke silver 1990 Mercedes 190E- 2.3 - 16V (Type 201.034) with nicely detailed sports interior.

Power comes from a M102.983 engine - 2299 cc with 16 valve Cosworth design cylinder head with a special performance injection system with 4 separate ignition coils and as upgraded injection system with long throttle bodies. On the rolling road this car produces 250 hp. (185 hp standard). Attached to a 5 speed manual gearbox with dogleg shift pattern.

The interior has been changed to a 2 seater lay out. With 2 red sport seats, 4 point safety harness, full roll cage, rear bench seat removed, additional brake pressure regulator installed. And an original installed sliding roof.

It really looks as it drives. Fast and loud. A real pleasure to drive this iconic Mercedes.
